Abacus LMS & Worksheet Generator

Plugin Documentation

Version: 3.0

Author: Balaji

Website: bnglobaleducationcentre.com

1. Introduction

Abacus LMS & Worksheet Generator is a complete Learning Management System designed for Abacus training institutes, teachers, and students. The plugin allows training centres to manage students, generate worksheets, and track learning progress online.

2. System Requirements

Component	Requirement
WordPress	Version 5.0 or higher
PHP	Version 7.4 or higher
MySQL	Version 5.6 or higher
Recommended Hosting	2GB RAM with SSL enabled

3. Installation

Step 1: Download the plugin ZIP file (abacus-lms-plugin.zip). Step 2: Login to WordPress Dashboard → Plugins → Add New → Upload Plugin. Step 3: Upload the ZIP file and click Install Now. Step 4: Click Activate Plugin after installation.

4. Create LMS Page

Create a new page in WordPress and add the shortcode below to display the Abacus LMS system.

```
[abacus_lms]
```

5. Teacher Dashboard

Teachers can manage students, assign worksheets, track progress, and control Abacus levels through the dashboard interface.

6. Student Features

Students can login to their account, practice worksheets, complete levels, and monitor their learning progress.

7. Abacus Levels

The plugin supports structured learning with up to 100 Abacus training levels. Each level includes exercises and worksheets.

8. Worksheet Generator

Teachers can generate unlimited worksheets including addition, subtraction, and mixed practice sheets.

9. Key Features

• Complete LMS system

• 100 Abacus learning levels

• Worksheet generator

• Teacher dashboard

• Student login system

• Progress tracking

• Mobile friendly interface
